ADDITIONAL INFORMATION

TRAVEL INFORMATION

The nearest airport to the **City of Puebla** is the one located in **Huejotzingo**. It is called “**Aeropuerto Hermanos Serdan**”; it does not offer a wide range of international flights, so it is more liable to arrive to **Mexico City** at “**Aeropuerto Internacional Benito Juarez**”. At this airport it is very easy to find transportation to the **city of Puebla**.

Look for the **ADO/Estrella Roja buses** stand in the international arrivals room (located upstairs). These buses depart every half an hour (**between 6:00-22:00 hours**). The trip lasts about 2 hours and the ticket cost is **\$300.00 pesos**. There are two possible destinations: **CAPU bus station** and **Estrella Roja/ADO bus station** (located at 4 poniente); both of them are a few minutes away from downtown by taxi. We recommend using only authorized taxis.

ESTIMATED COST OF LIVING PER MONTH

The cost of an apartment is about **\$3,000 – 5,000 pesos per month**. Food cost is approximately **\$2,500 pesos per month**. Public transportation cost approximately **\$500.00 pesos per month**.

MEDICAL INSURANCE

International students must obtain, prior to their arrival in Mexico, an **international medical insurance** that must have the following characteristics

Repatriation of mortal remains (funeral expenses)

Hospitalization covering at least in the amount of 100,000 US dollars

Legal assistance

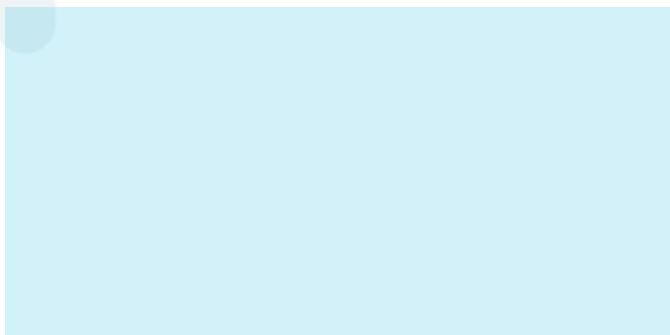

Transportation for a relative in case of hospitalization

Mexican students must be affiliated to IMSS, ISSSTE or have medical insurance (to cover medical incidents in case of accident, diseases or death)
